What Happens next?

Within the next 24-72 hours you will receive an email from support@ibankmarine.com with an invitation to enable your digital banking. Once you click the link within the email it will take you to our digital banking website and ask you to input a security code. The initial security code will be your mother's maiden name exactly as it has been written above followed by the last four digits of your social security number. Upon entering this security code you will start your new user registration.

If you have any questions regarding this process once you receive the email please contact our Customer Help Desk at 217-726-0660 Monday through Friday 8:00 AM to 5:00 PM.
